The curtain is going up on a summer filled with drama...

The benefit of introducing your child to the arts has been documented time and time again. Involvement in drama builds concentration skills, discipline, character and self confidence! With this added dose of self esteem, there's no limit to what your child can accomplish!

Our program is designed after the Florida International Thespian Society where students perform at a district and state level. Campers take part in a variety of events that may include large/small group musical numbers, monologues, duet acting scenes, pantomimes and much more. This enhances their skills in acting, singing and dancing! Come be a part of our drama family!

Have you always yearned to see your name written in lights?

Kickstart your theater dreams by participating in our new **audition workshop** for middle schoolers. You will learn foundational techniques that will help you land the role.

Taught by Nicholas Palazzo

Artistic Director and Professional Actor
